logistic professionals

SBS PL7000

Description

The PL7000 combines high-security with ease of use and is produced on our own specifications.

The lock is VbV-approved thanks to high attack resistance and protection against drilling and lock-picking.

The top down placed cylinder guarantees maximum protection.

The PL7000 fits all common SBS solutions:

- SBS BDL
- SBS Cobra
- SBS Turtle
- SBS Rhino
- SBS BDL-H
